

Corvette Troy Invitation to Sponsors of the 2011 Benefit Drawing for Charity

Dear Supporter,

Corvette Troy invites you to participate in a charity fund raising event for Dayton Area Spina Bifida families and other Miami Valley charity recipients by contributing a door prize or other support. Corvette Troy holds a Benefit Drawing annually to give away two new Corvettes and provide more than \$20,000 annually to worthy charities. We will give away two 2012 Corvettes on November 5th, 2011.

The proceeds of the benefit drawing enhance the lives of children afflicted with Spina Bifida and their families. These funds provide needed medical equipment, supplies, and other professional assistance, and enable these challenged children to attend all-accessible summer camps and other activities.

The two new Corvettes are given away each year during a gala evening party for ticket holders with over 600 people attending. During the evening, we also reward our ticket buyers with door prizes donated for this event. This helps ensure a continuing successful benefit drawing and support to Spina Bifida families and Miami Valley charities.

Your contribution of a door prize will be acknowledged in the printed program, posters and other recognition during the evening. We hope you can help us in this our 28th annual year of managing this highly successful event. Tickets for a chance to win a Corvette must be purchased separately and tickets will not be available that evening.

Corvette Troy Charities is a federal approved 501(c)3 organization. Please give me a call at 513-897-3591 if you would like any other information. We sincerely thank you for your support!
